WORK EXPERIENCE

EvnOrg, Bhilai(CG)— Software Developer Intern(Back-end)

OCT 2021 - Current

- Contributed to building Ninja-Cart an e-commerce platform for stationery products.
 - Developed back-end components to connect applications with web services.
 - Integrated several different APIs such as Razorpay, Zoho Book, Zoho inventory, Sentry in the project.
 - Created scripts and processes for data integration and scheduled tasks.
 - Worked on creating MVP for fast-food - An online food-delivery app.
 - Planned and engineered RESTful web services to manipulate dynamic datasets.
 - Created real-time status monitoring of the food delivery process, leading to more than 150% order retention.
-

SKILL'S

- **Programming Language & Framework:** Python, Django, REST API, Javascript, Tailwind-css
 - **Database:** PostgreSQL, Mysql
 - **Technology:** AWS(EC2, RDS, S3), Git, Github
-

PROJECTS

- **Bookr-Store** — An online marketplace to share book review ratings and make purchases.

Tech: Python, Django, PostgreSQL, Celery, RabbitMQ, Tailwind-css, AWS EC2, RDS

[Live-Project](#) [Source-Code](#)

- Bookr online shop for books is powered by Django, With Bookr-Store users can register and add reviews and ratings for books, can make purchases for listed books, see order history and invoice in accounts section, and update there profile.
- Razorpay integrations for handling payments of orders.
- Implemented async tasks like sending invoice and registration emails using celery(worker) and rabbitMQ(message broker).
- Integrated PostgreSQL full-text search functionality in books, blog module.
- Deployed on AWS on ec2 instance and integrated aws Postgres RDS for the database.

- **Lead-manager** — A micro CRM web app for managing leads and inquiries for your business.

Tech: Python, Django, SQLite, Tailwind-css

[Live-Project](#) [Source-Code](#)

Lead manager is a Django-powered web app for managing leads and inquiries for your business. In Lead-manager managers can add staff and assign leads to staff, staff process the leads and update the lead status.
